[redacted] Comments.

- (1) Sources of paragraphs 1 and 5 confirm the majority of the 6th Gds Tank Div in their summer camp at Verder-Markendorf until 14 August 1952. The numbered camp sections are keyed to a sketch previously forwarded. [redacted]
- [redacted] The officers mentioned in paragraph 1 were previously reported by the same source in 1941 to have been supply officers in the same sections. [redacted]
- Malishki (fnu) and Ratushkin (fnu) are reported for the first time. Krainikov is possibly identical with Lieutenant Colonel Krasilnikov (fnu) who belongs to the 53d Gds Tank Regt. Compared with previous information

25X1

25X1

[redacted] it appears that Senior Lieutenant Masov (fnu) is identical with Major Mosov (fnu) and Colonel Mosel (fnu) is identical with Colonel Mosul (fnu). Major Moldoshenko (fnu) is believed to be one Major Mollochen (fnu) also reported by source of paragraph 1 in 1951 and 1952, as being officer in Section 1. Major Mollochen (fnu) presumably belongs to the 272d Gds Mort Regt of the 6th Gds Tank Div from Jüterbog-Altes Lager which was stationed in Sections 1 and 2 of Camp Jüterbog-Märkendorf last year.

25X1

25X1

25X1

[redacted] confirms this regiment as being stationed there until 5 February 1952. According to records available, it is possible that Lieutenant Colonel Pushkov (fnu) also reported by source of paragraph 10 is identical with Lieutenant Colonel Pushkin (fnu) of the 272d Gds Mort Regt.

- (2) The occupation of the Fuchsberg Kaserne is not known. On the basis of previous reports, it can be assumed that battalions are stationed there which are subordinate directly to the 14th Gds Mecz Div in the nearby Neue Finanzamt and that other units are also stationed there. Recent information predominantly indicated the presence of the engineer battalion and the motorcycle battalion. See paragraph 2 of this report and [redacted].

25X1

25X1

25X1

25X1

[redacted] it appears that a tank battalion is also stationed there. [redacted] the 14th Gds Mecz Div or to other units of the Third Gds Mecz Army.

- (3) The columns were composed of motor vehicles of the 14th Gds Mecz Div.

25X1

25X1

25X1

25X1

[redacted] these trains carried elements of the Second Gds Mecz Army. [redacted] indicated that components of the 1st Mecz Div and of the 9th Gds Tank Div were rotated to the Jüterbog troop training grounds for firing practice as of late July. According to the information contained in paragraph 11 of the present report, it appears that these units and, especially the 9th Gds Tank Div, are alternately quartered in the tent camp which has been reported twice [redacted]. See [redacted].

25X1

- (5) The light occupation of the Fliegerhorst is possibly because elements of the 14th Gds Mecz Div stationed there are temporarily out for practices near the military post.

25X1

- (6) [redacted] the AAA unit observed belongs to the air force and was presumably engaged in practices. [redacted]

25X1

25X1

- (7) According to a sketch submitted by source but not forwarded, the AAA emplacement is near the Adolf Hitler Camp which houses the 14th Gds Mecz Div.
